

General Environmental Incident Summary

Incident: 4080 **Date/Time Notice:** 5/3/2016 1015 **DEM Incident No:**
Responsible Party: Johnson Bros
Date Incident: 5/2/2016 **Time Incident:** 1430 **Duration:** 1 minutes
County: Williams **Twp:** 153 **Rng:** 101 **Sec:** 6 **Qtr:**
Lat: 48.10868 **Long:** -103.71920 **Method:** Interpolation from map
Location Description: Missouri River, HWY 85 Bridge Construction Project - 2 miles south of Hwy 2 junction

Submitted By: Ryan Hood **Affiliation:** Johnson Bros.
Address: 4812 Southview Ave
City: Williston **State:** ND **Zip:** 58801

Received By:

Contact Person: Tom Charles
4812 Southview Ave
Williston, ND 58801

Distance Nearest Occupied Building: 1 Miles **Release Contained:** Yes

Type of Incident: Equipment Failure

Description of Released Contaminant: Hydraulic Oil

Volume Spilled: 2.00 gallons **Ag Related:** No

EPA Extremely Hazardous Substance: Unknown **Reported to NRC:** Unknown

Cause of Incident:

Hydraulic oil hose fitting cracked during excavation operations of the pier cofferdam, located in the Missouri River. The hydraulic oil was released inside of the cofferdam.

Risk Evaluation:

The hydraulic oil released was fully contained inside the cofferdam, and all release oil was recovered and disposed of.

of Fatalities: 0 **# of Injuries:** 0 **Affected Medium:** 02 - water

Potential Environmental Impacts:

N/A - no environmental impacts are anticipated.

Action Taken or Planned:

Immediately oil pads and oil absorbent boom were placed in the cofferdam to absorb the oil from the water. All release oil was contained within the cofferdam, and the oil pads and boom were used to recover all oil from the water. The pads and boom were then disposed of properly. The faulty hydraulic hose fitting was replaced.

Wastes Disposal Location: The oil pads and absorbent boom used to recover all oil were removed from the project and disposed of in our oil recycling dumpster located off the project site, in our office trailer yard. The oil recycle dumpster items will be disposed of by Safety Kleen.
